

Wherever you go, there you are:

Targeting content on-premise and across the globe.

CHRIS CALI

Co-Founder & Managing Partner • **Spark Digital**

Media technology executive with deep experience in digital media supply chains and online video. Previously Founder and CEO of Panvideo, a cloud-based video management solution. Currently Managing Partner of Spark Digital, providing technology consulting, UX design, and application development services to premier M&E clients including WB, FOX, WWE, Epix, and others.

BRIAN DEBOER

VP, Technology • **Fox Networks Group**

Brian has over 20 years of experience as a technology leader, most of it in the media and entertainment industry. He has held senior positions at FOX and the Disney ABC Television group. He has deep knowledge of on-demand and streaming video technology from both the broadcast and OTT perspectives. Brian most recently was VP Technology at FOX Networks Group where his responsibilities included content localization among other things.

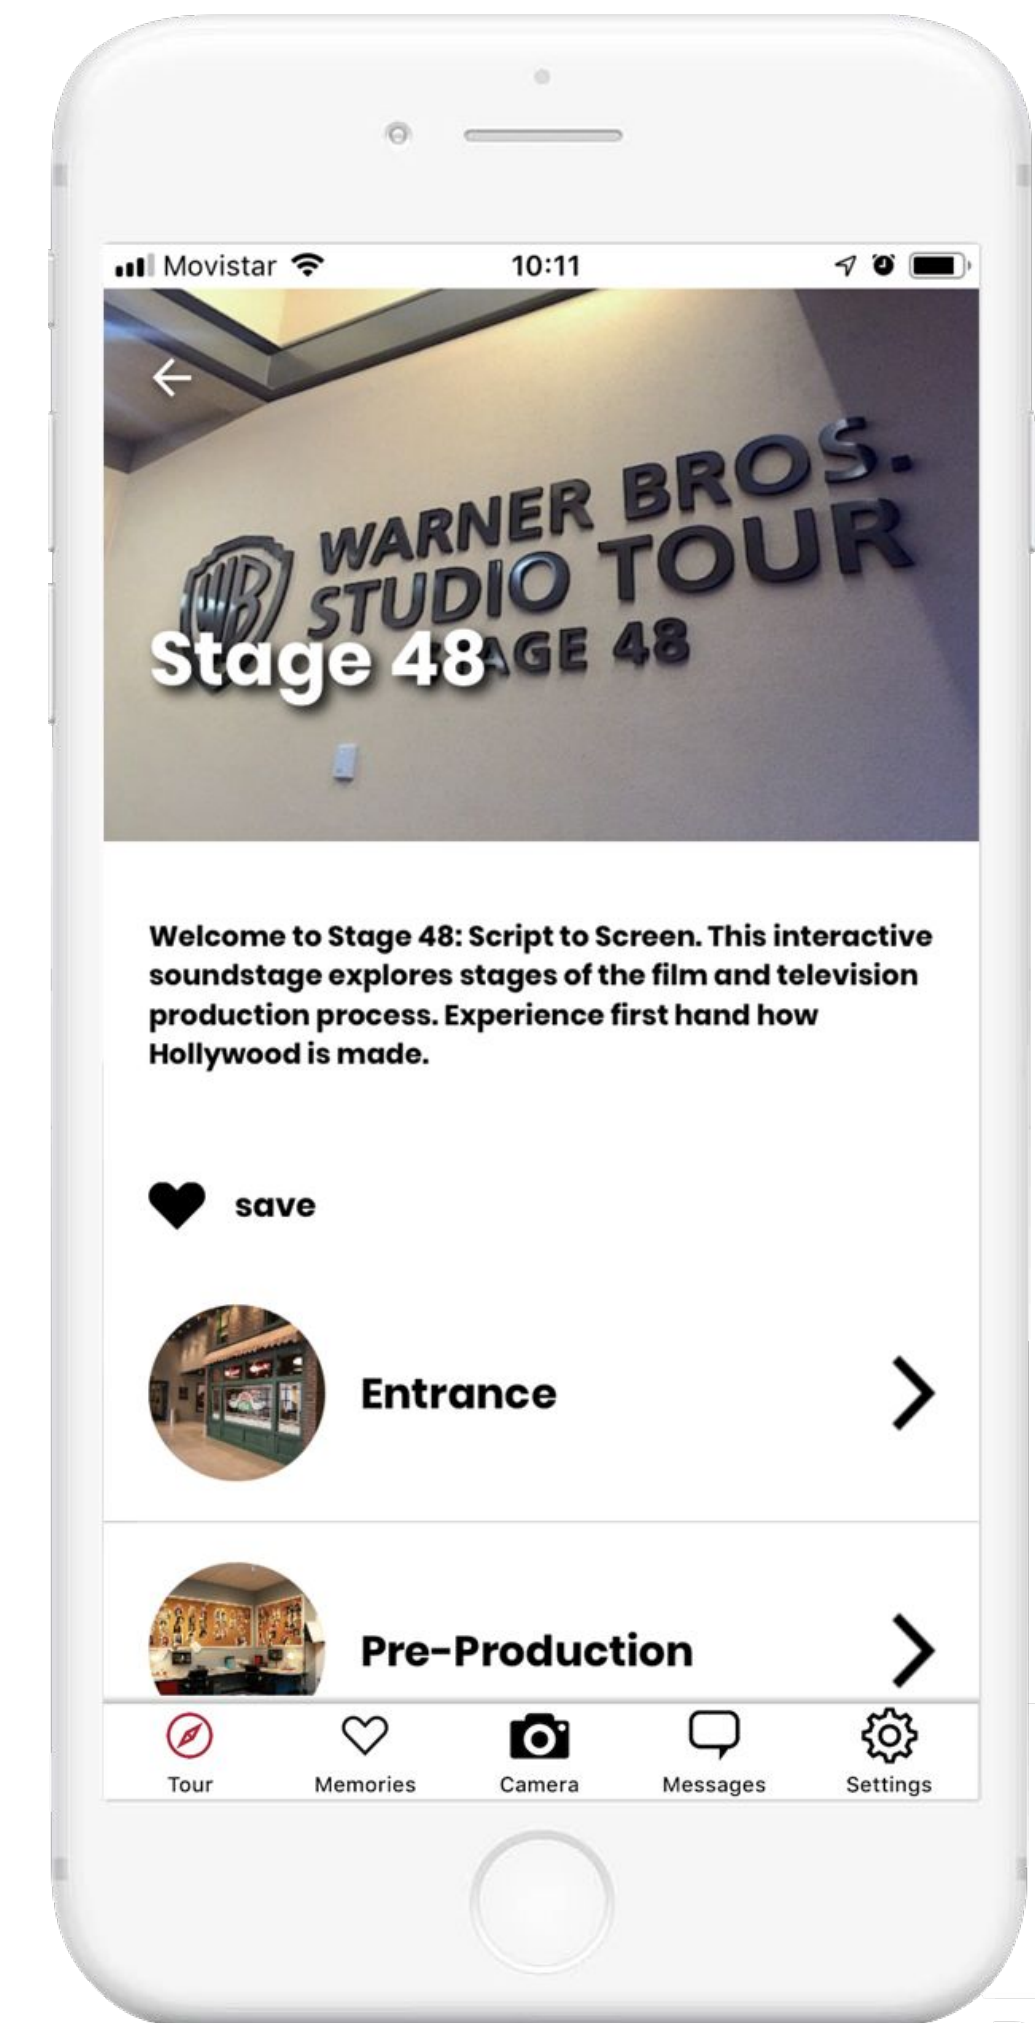

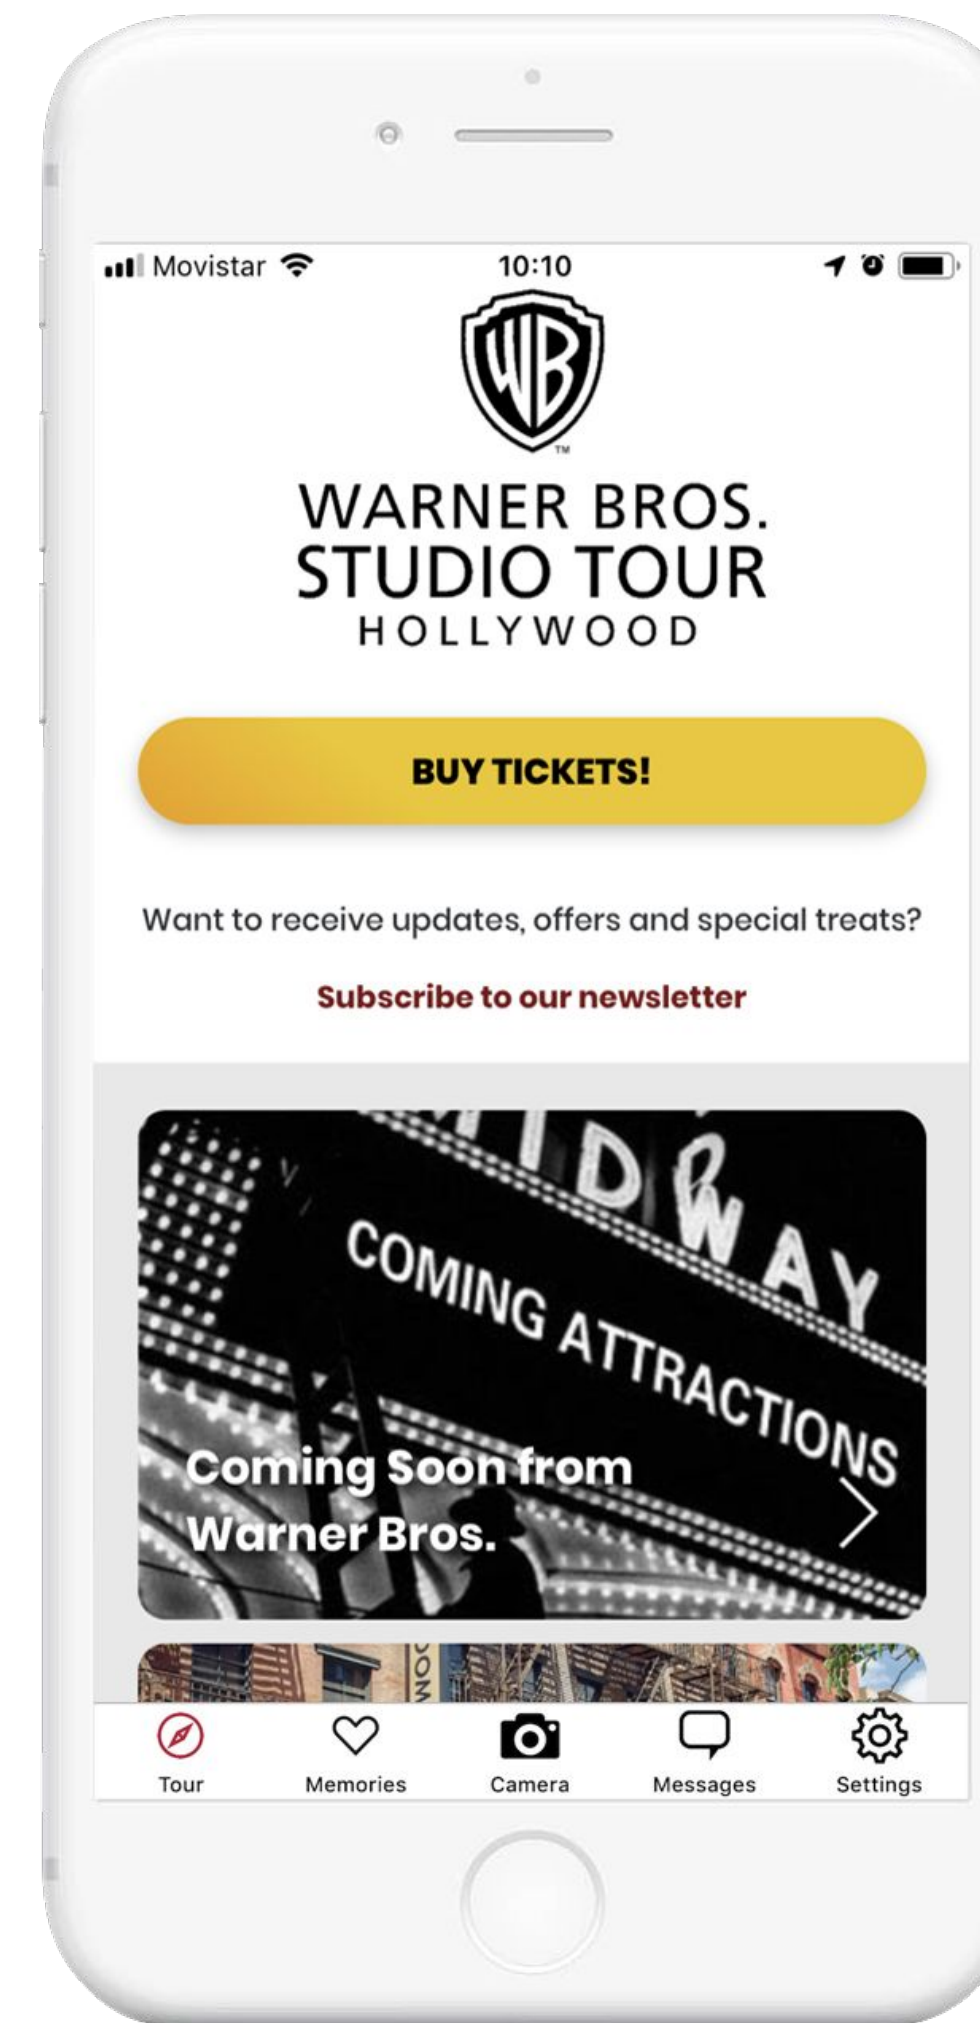

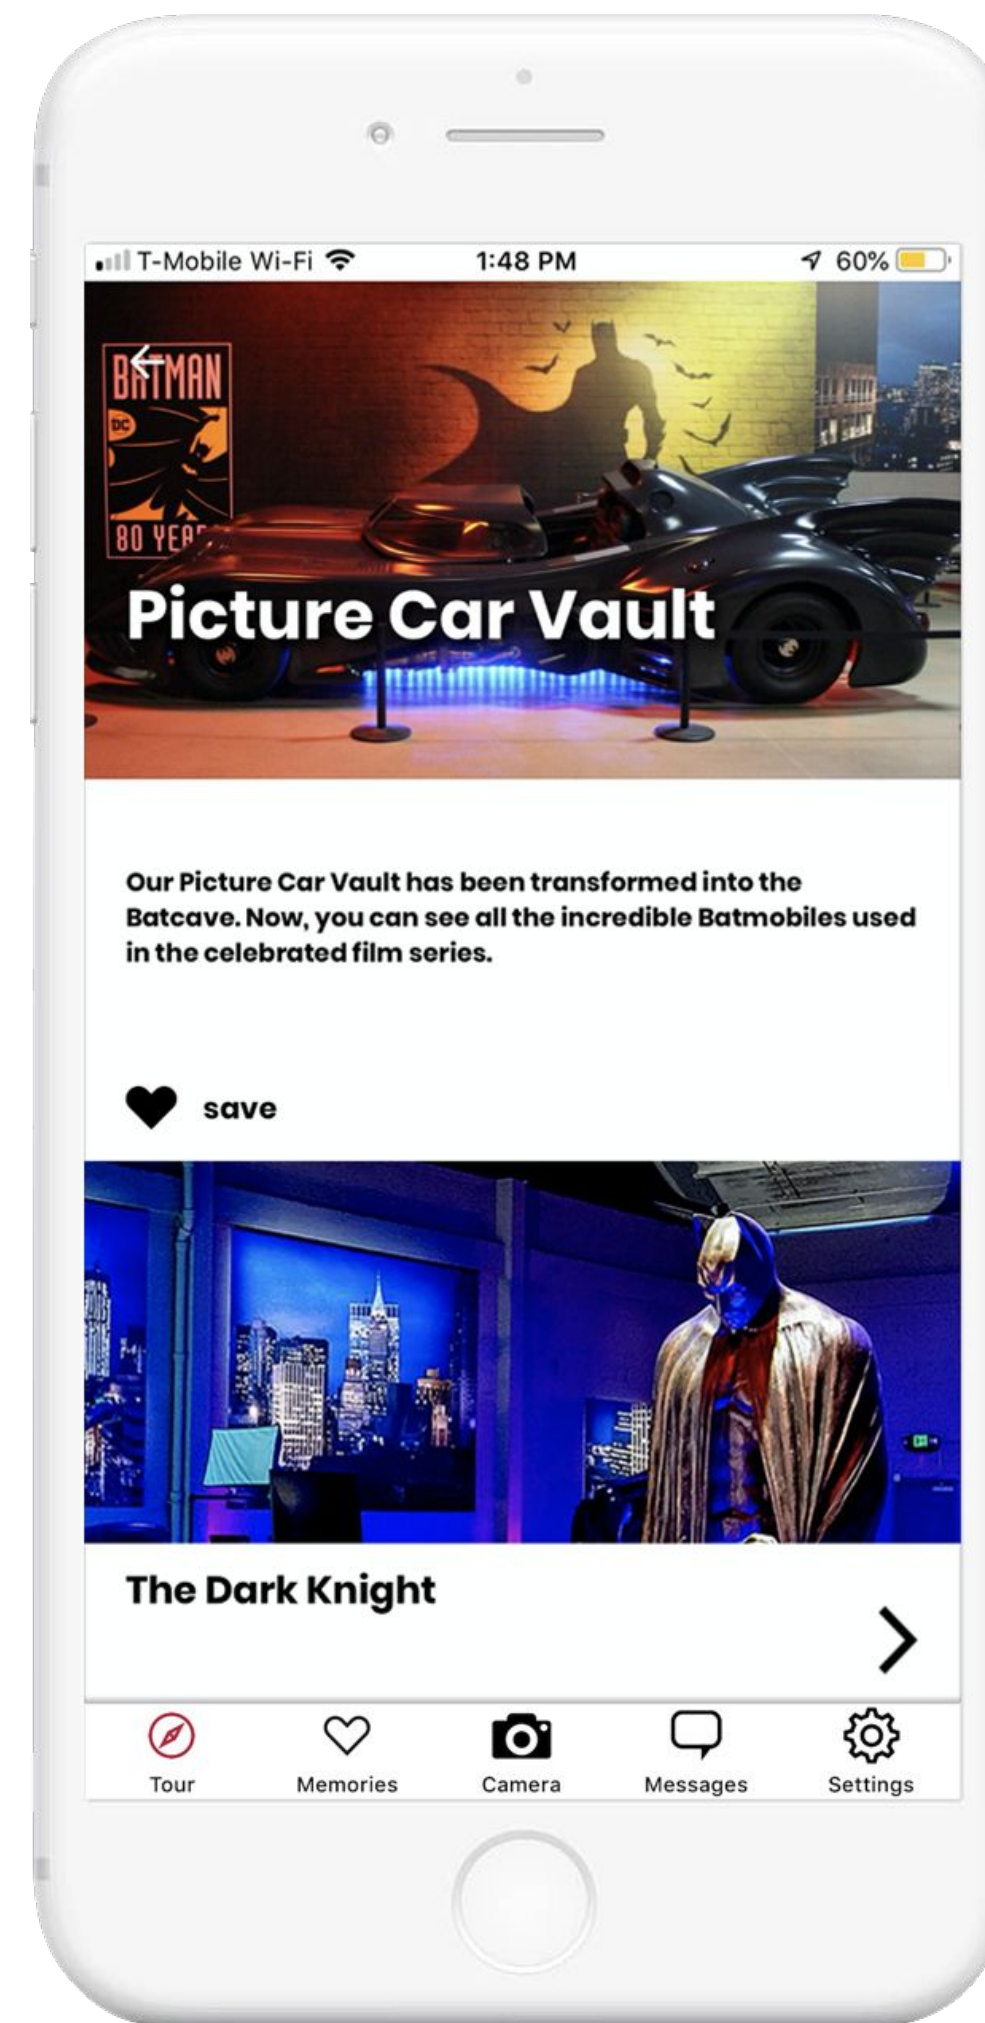

JUSTIN KAHN

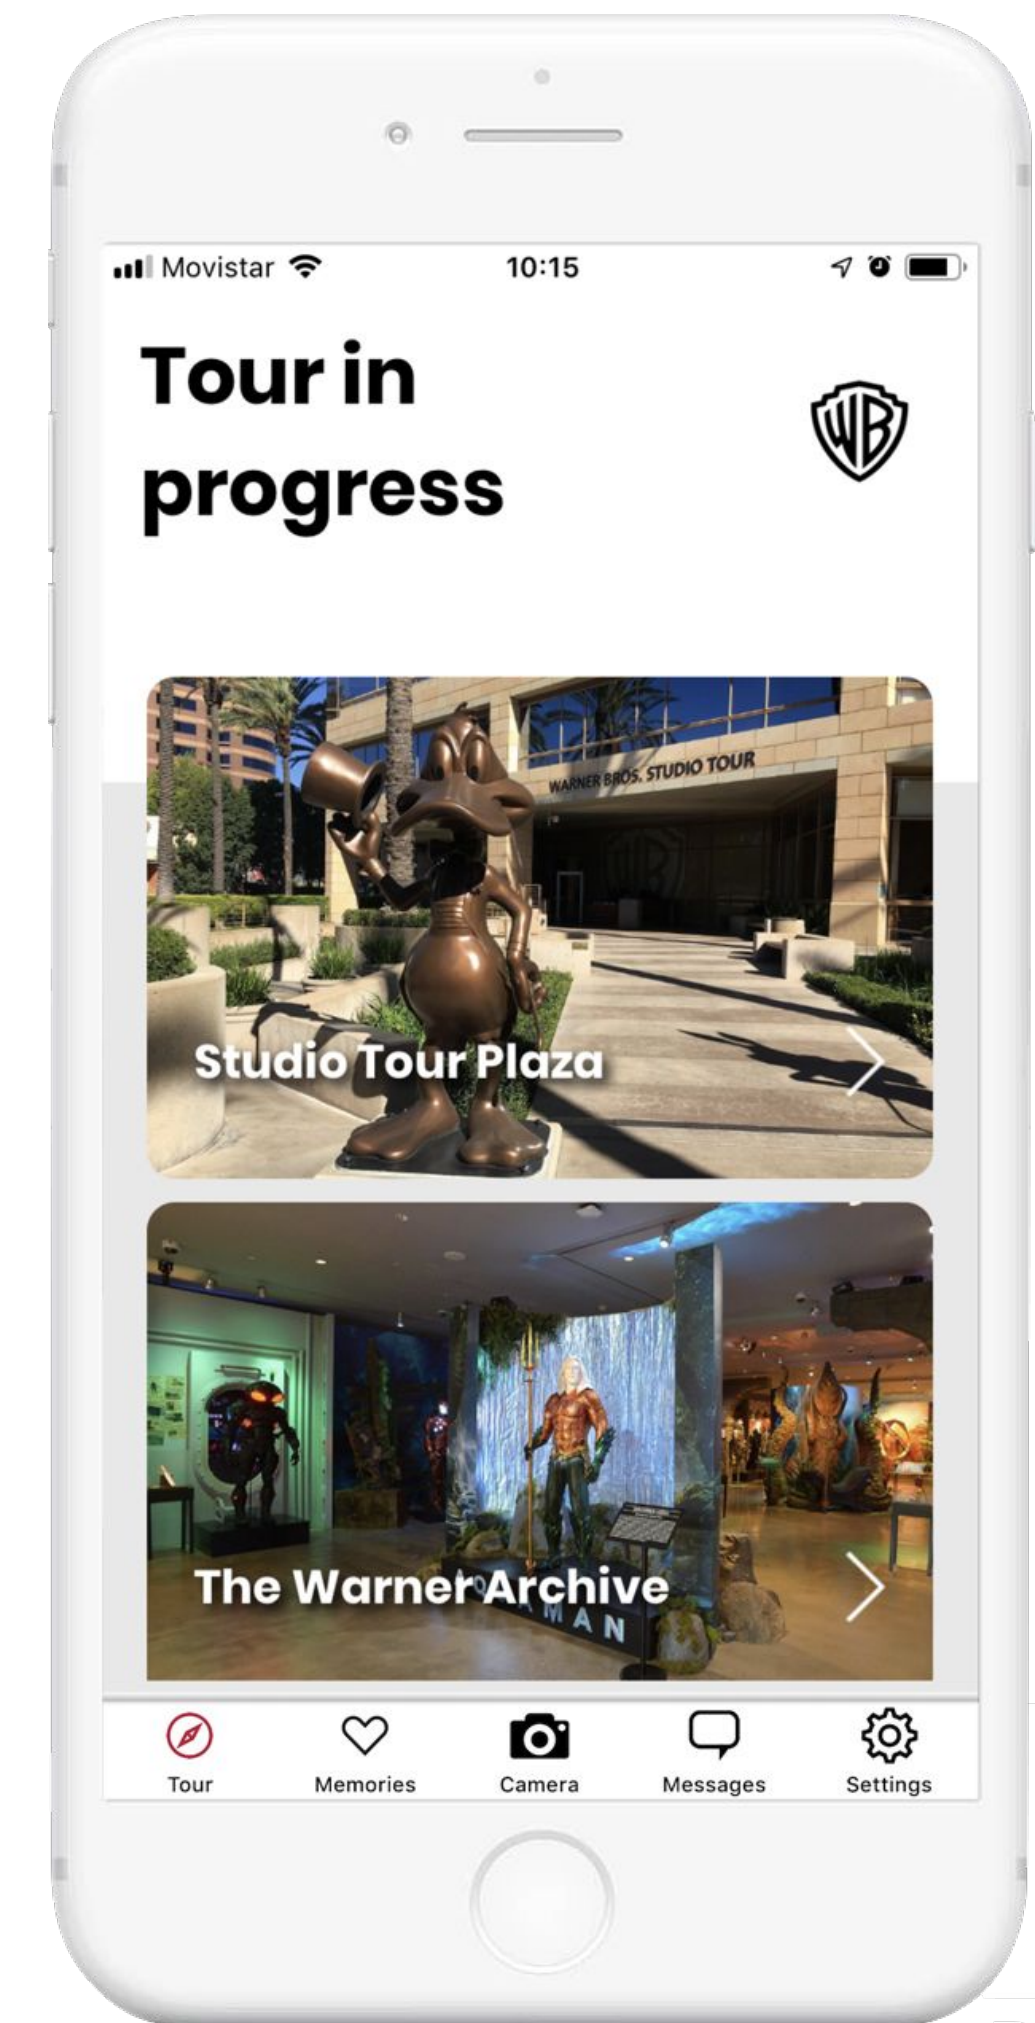

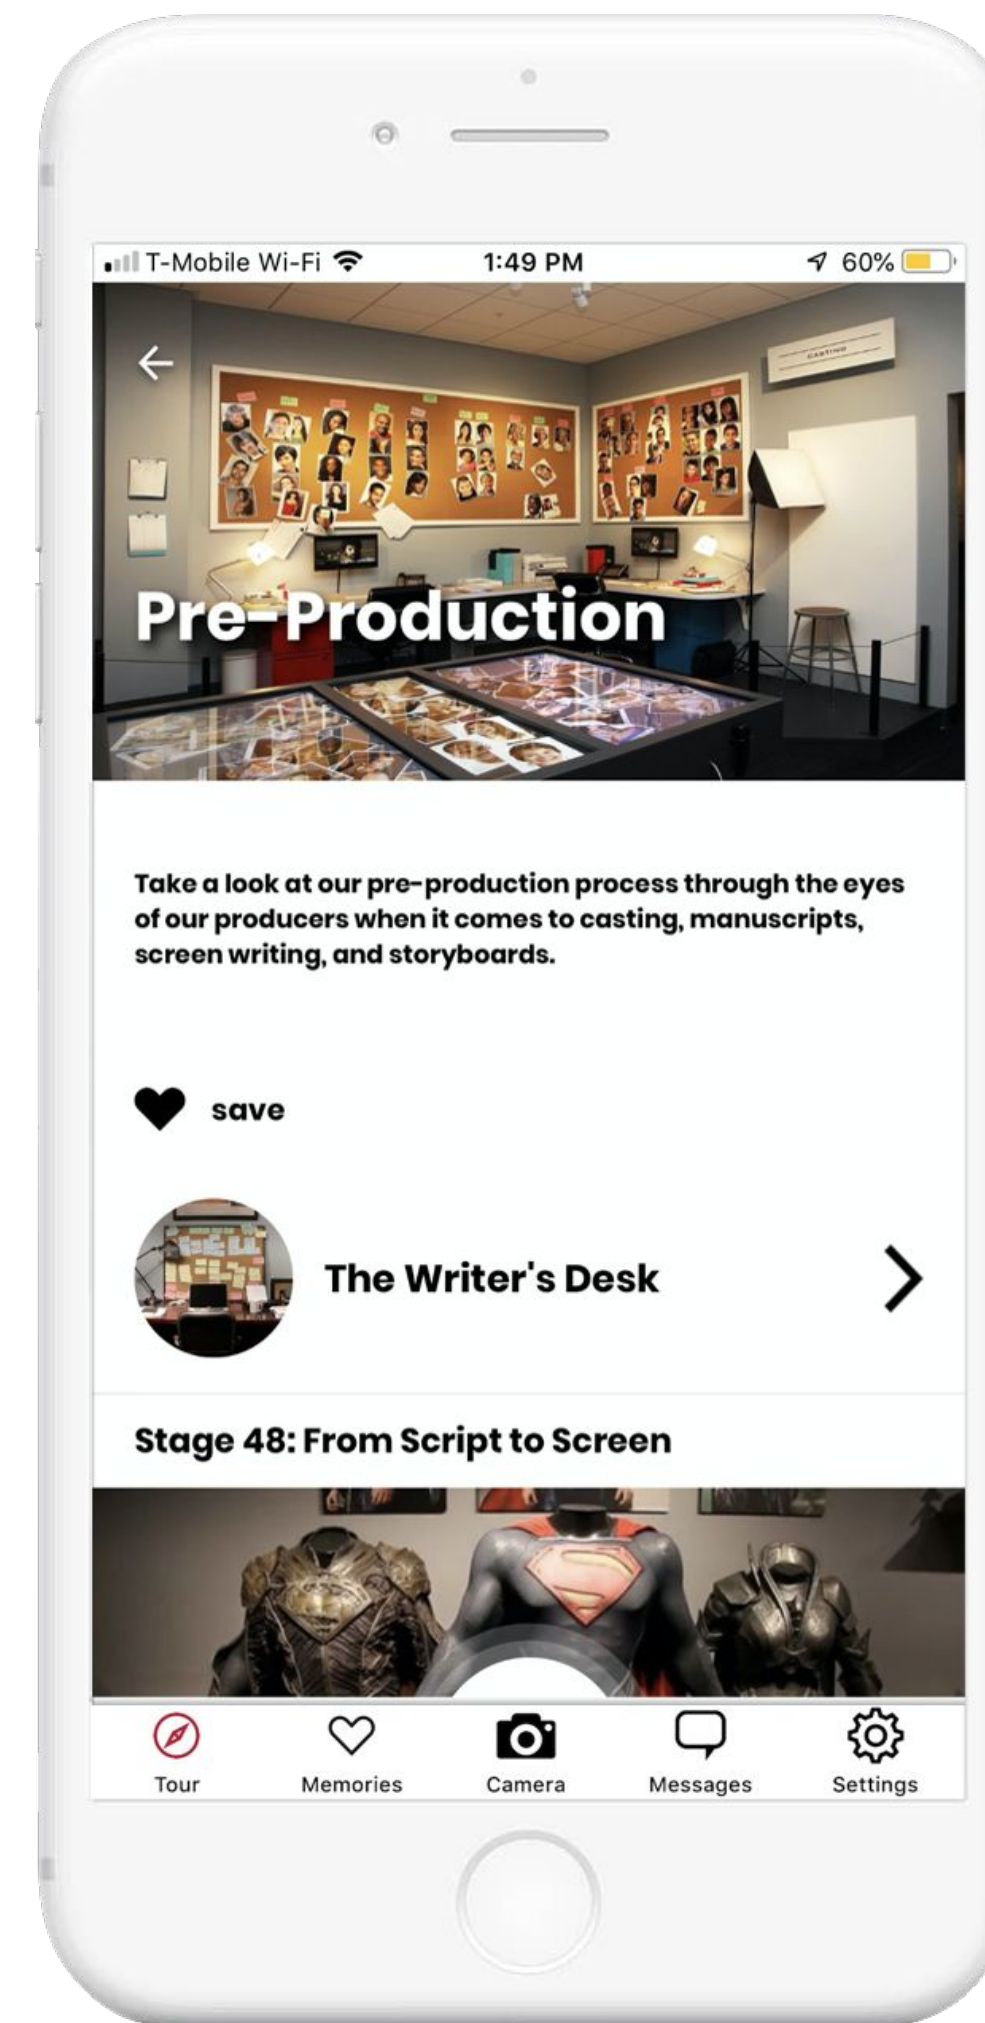

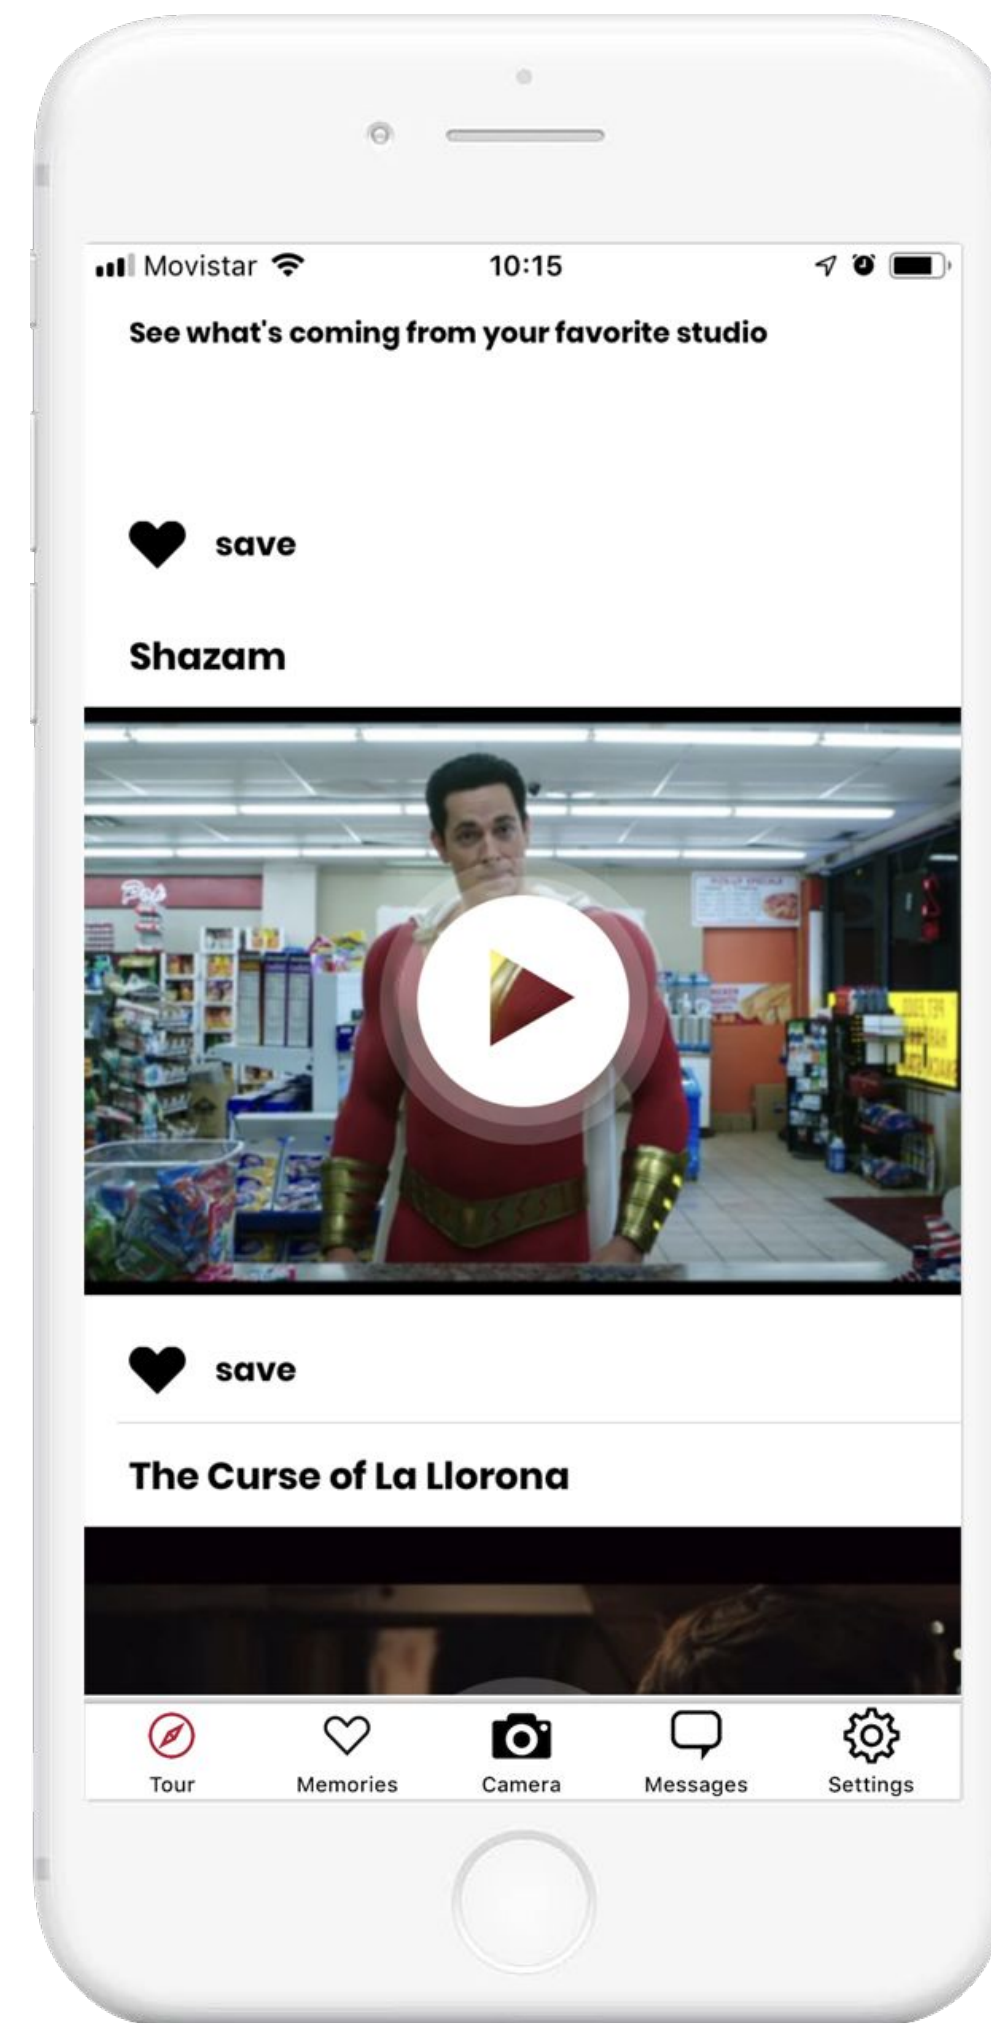

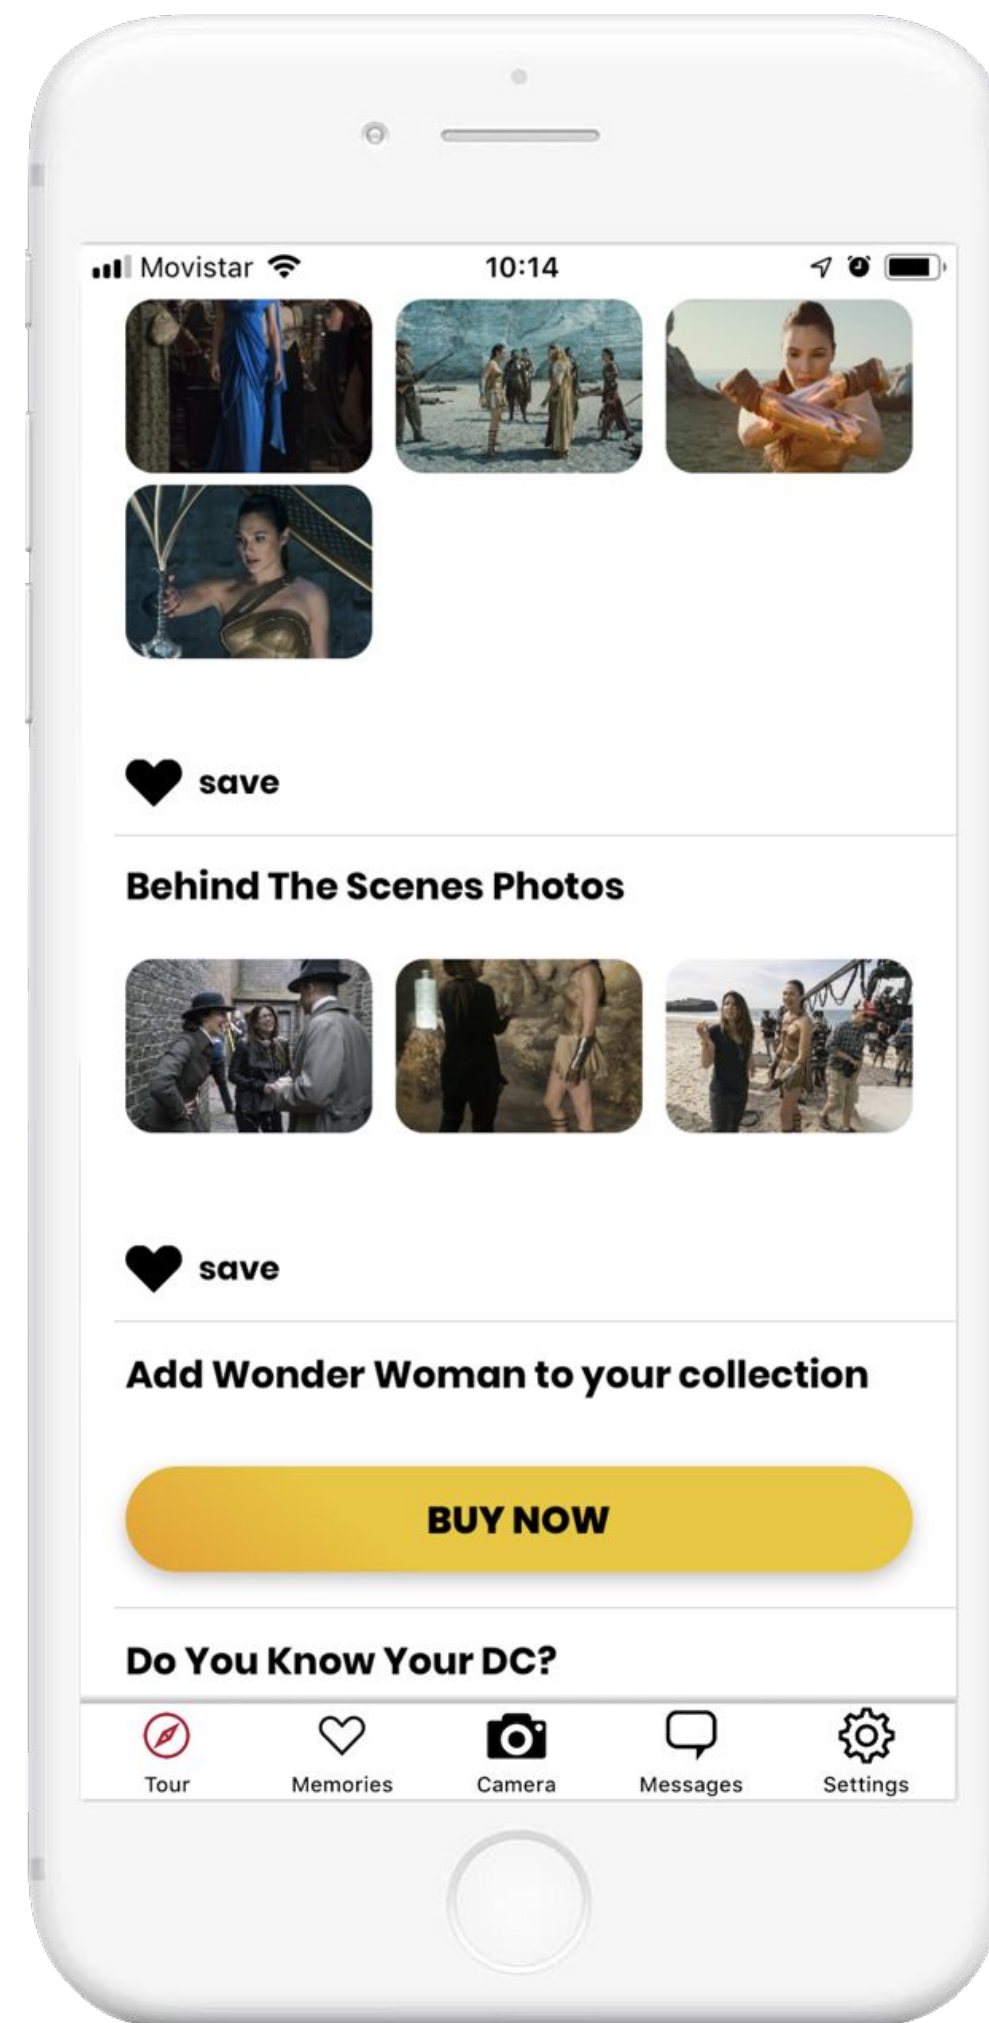

Executive Director, Global Retail, Experience, and Tours Technology • **Warner Bros. Entertainment**

Justin is a serial entrepreneur. He launched several startups including iEntertainment, InfoPost, WireImage and its parent company MediaVast which sold to Getty Images in 2007. Following MediaVast, Justin has worked with numerous Israeli start-ups and small to medium broadcasters and content creators on real-time broadcasting/streaming. Justin is presently the Executive Director, Global Retail, Experience, and Tours Technology at Warner Bros. Entertainment where he leads an entrepreneurial team tasked with bringing innovative solutions to the group.
