Ethics of AI generated media

Challenges and approaches

Legal

- Data privacy and data protection
- Likeness protection

Ethical

- Societal impact
- Brand impact
- Privacy impact

How Respeecher Ethics Works

1. Asses the ethics of the case
2. Get permission
3. Collect target voice data
4. Respeecher works its magic
5. Convert new source data to target voice

Ethics at Respeecher

- Respeecher does not allow any deceptive uses of our technology
- Respeecher does not use voices without permission
